Created by Jo-Ann Fabric and Craft Stores®

Directions

Note: All seams are 1/2".

1. Glue wood ball to top of 6-ft long dowel rod. This will be the mast.
2. Spray paint mast and four cup hooks with silver spray paint. Let dry.
3. Cut canvas 86" long.
4. Mark a diagonal line from one corner to the opposite corner. Cut on line forming two triangles.
5. Cut 7" off the bottom of one triangle.
6. Lay out the triangles to form sails.
7. Sew a 1½" hem on each selvedge edge.
8. On bias edge, press under 1" then 2" and hem, trimming and folding under top point.
9. Check the length of the selvedge edge against the mast, it should be long enough for a 4" hem.
10. Fold both bottom edges up 1" and then 3" for hem. Trim and fold in the outer edge to fit hem.
11. Stitch hem and outside corner of each sail.
12. Place a grommet in each of the 3 corners of each sail.
13. Iron fusible web to contrasting fabric.
14. Cut out desired numbers, letters or symbols from blue cotton and iron on the sail.
15. Cut the two 48" dowels to fit the hems and insert. Note the two different measurements.
16. Lay out the sails along the mast and mark where cups hooks go. The bottom two should be even and on opposite sides and the top ones should be about 7" apart on opposite sides.
17. Mast can be mounted on wall with screw eyes.
18. Rope can be inserted in grommets for decorative purposes.
