DIRECTIONS:

1. Select signs from fabric scraps and iron fusible web piece to back of each selected sign, completely covering motif. Follow manufacturer's directions for fusible web.
2. Cut out prepared signs, trimming carefully. Remove paper backing.
3. Match each sign with a Woodsies® tag of appropriate shape and dimensions.
4. Paint each wooden tag, 1 side at a time and allow to dry completely before painting the other side. Two or more coats of paint may be needed. Allow to dry completely after each coat.
5. Adhere fabric signs to wooden tags using Mod Podge®, following manufacturer's directions. Allow to dry. Paint Mod Podge® on the tag, allowing to dry completely after each coat until desired finish is achieved.
6. String beads on elastic cord to measure 6". Use an overhand knot (see back of Stretch® Magic package) to tie into a ring. Put a drop of clear-drying glue on knot and allow to dry before trimming ends.
7. Use jump rings to attach wooden charms to beaded ring.
8. Slip one over the base of each wine glass, or use as napkin rings.
