little pleasures.

SUPPLIES & TOOLS:

- Tulip® fabric-crafting supplies:
One-Step Tie-Dye Kits™ Camo
Surface Cover™
- White 100% cotton blouse
- Plastic wrap
- Scissors
- Washer & dryer

DIRECTIONS: Refer to photo.

1. Cover work area with Surface Cover™.
2. Wash shirt to remove sizing; do not use fabric softener. Place damp shirt on prepared surface & smooth with fingers.
3. Pinch up a section of fabric on shirt, then tightly wrap a rubber band 2" below tip. Repeat randomly on remainder of shirt.
4. Place shirt as flat as possible on surface with tips pointing up.
5. Wear gloves from dye kit. Fill all dye bottles with water to indicated line. Shake each until thoroughly mixed.
6. Carefully squeeze Black dye on each tip, letting dye flow down to rubber band. Squeeze a narrow ring of Brown around each banded section, then fill in remainder of shirt with Olive dye, squeezing and turning fabric when possible for best coverage.
7. Cover dyed shirt with plastic wrap to keep damp. Allow to set 6 to 8 hours or longer for most intense color. Rinse dyed fabric under warm running water, until water runs clear, to remove excess dye. Carefully cut off rubber bands. Fill washer with large load setting of hottest water suitable for shirt fabric and a small amount of laundry soap. Wash separately & dry according to fabric instructions.
8. Wash shirt separately the first few times.

Skill Level 1: No experience necessary

Approx. Crafting Time: 1 hour less dyeing time

Please read and follow all manufacturers' instructions for all tools and materials used.
Provide adult supervision if children participate in this project.
