

 CRAFT | SKILL LEVEL: **BEGINNER**

### MEASUREMENT

Approximately **34 (40)** [86.5 (101.5) cm] long.

### INSTRUCTIONS

1. Lay the end of your yarn on your left palm (right palm if left-handed) leaving a tail approximately **20 (25)** [51 (63.5) cm] long.

2. With your right hand, wrap yarn clockwise around your left-hand index finger.

3. Wrap yarn clockwise around middle, ring and pinkie finger as in Step 2. You now have 4 loops – 1 on each finger and no loop on thumb.

4. Bring the yarn behind your left hand and up between the thumb and index finger. Lay the yarn across your left-hand fingers above the loops.

5. Lift the loop from your pinky finger up and over the yarn laying across your hand, dropping the loop off of your finger. One loop remains on finger.

6. Repeat Step 5 for ring, middle and index fingers. One row is complete.

Repeat Steps 4, 5 and 6 until work measures desired length. Cut yarn leaving a tail approximately **20 (25)** [51 (63.5) cm]. Thread tail onto needle and draw through each loop on fingers. Remove fingers from loops and draw up yarn tightly, knotting to secure.

*The instructions are written for smaller size. If changes are necessary for larger size the instructions will be written thus (.). Numbers for each size are shown in the same color throughout the pattern. When only one number is given in black, it applies to both sizes.*
