### SUPPLIES & TOOLS:

- 4 Sheets of 9"x12" felt
- Sandal template (3 – 6 months old shown)
- Needle & thread
- Alternate color embroidery thread for decorative stitch
- Scissors
- Pinking shears
- 2 small Velcro<sup>®</sup> dots
- Spray adhesive
- Decorative flowers

### DIRECTIONS:

1. Using the spray adhesive, spray one side of a sheet of felt, lay another sheet of felt on top of the sticky side. Then press them together.
2. Trace the right sole template onto the adhered pieces of felt, then flip the sole template over and trace for the left sole.
3. Cut both soles out with pinking shears.
4. Using the single sheets of felt, trace the rest of the template pieces 2 times and cut out with regular scissors.
5. Use colored embroidery thread to make an accent stitch around the upper straps of the sandal.
6. Cut slits in the upper toe strip to thread the middle and ankle straps through.
7. Place the 3 pieces of sandal strapping on the sole of the sandal and fold the ends of each strap inwards by a quarter of an inch.
8. Sew each edge to the sole of the sandal.
9. Take the smaller, inner sole and place it inside the sandal and stitch it all around the bottom part of the sole.
10. Sew a small dot of Velcro to the ankle strap.
11. Sew decorative flowers to the top of the sandal.
