Braided Easter Basket

Supplies:

- 1 yard Easter Snoopy Patchwork fabric
- 3/4 yard Quilters Only Imperial Purple fabric
- 3/4 yard Quilter's Only fabric Pale Iris fabric
- 2-3 potted plants

Instructions:

1. Tear several 3" strips from the three fabrics.
2. Start with 2 print strips and one purple strip, staggered in length. Knot ends and braid together. As each strip ends add on another, alternating purple and lavender.
3. Continue braiding until you have approximately 8 yards of braid. End braid with a 30" section of purple and lavender.
4. Start basket bottom by measuring 6" of braid. Lay flat on table. Gently bend braid around and around counter clockwise, keeping it flat, until you have a 6" by 12" oval. Be careful not to stretch braid.
5. Pin together. Do not cut off remainder of braid. It will continue up for the sides later.
6. Set a wide-width, medium-length zig-zag stitch on your sewing machine. Starting at center, stitch braids together by catching the edge of a braid on each side of zig-zag stitch. Continue around until you have finished connecting the base.
7. To start the braid up for the sides place the braid tail on the base, RIGHT sides together. This time your zig-zag stitch should catch both braids together on the left and come down just beyond them on the right. Again, be careful not to stretch the braid.
8. Continue around and around until you have built up the sides of the basket. You should finish with a solid braid of purple all the way around the top.
9. Knot off end of braid. Turn basket RIGHT side out. Tuck end of braid down on inside of basket.

Tip:

You may wish to insert a piece of cardboard the same size as the base into basket. Place 2-3 small potted plants in basket and use as centerpiece on table.
