

Skill level 2
Patched Fleece Scarf

Courtesy of Jo-Ann Stores

Supplies:

1/4 yard each fuchsia, light pink & charcoal
fleece
1 yard white fleece
Contrasting thread

Tools:

Rotary cutter
Cutting mat
Ruler
Scissors

Directions:

Using rotary cutter, mat and ruler measure and cut one strip in each color 3- 1/2" x 14". Measure and cut eight 3- 1/2" squares from each strip.

Each end of the scarf has 4 squares of each color and each square is sewn with a 1/4" seam allowance. Lay out squares in a pattern of your choice. Sew each of the squares together. If desired, use a decorative machine stitch on top to join squares together.

From white fleece cut two 12- 1/2" x 8- 1/2" squares. Sew each square on one end of pieced fabric.

Cut a single 12- 1/2" x 36" piece of white fleece. Sew the end pieces on each end of the scarf.

With straight edge and rotary cutter, cut 1/2" wide fringe . Do not cut all the way to the attached edge. If desired, run a decorative stitch at the top of the fringe where the pieced portion is joined with the fringed portion.

If desired, add a decorative machine stitch around the outside edges of the scarf.

Skill Level: Some experience helpful

Due to seasonal nature of project, supplies are available for a limited time only. Please read all instructions prior to beginning; read and follow all manufacturers' instructions for all tools and materials used. Provide adult supervision if children participate in this and all craft projects.
